Credit Card Payment Visa Bankcard Mastercard

Card Number

Amount Paid \$..... Expiry Date

Name of cardholder..... Signature.....

The tags will be used to identify calves of the following bulls:

Society Identification eg YYY R25	Name eg Murray Grey Silver R25

In supplying these tags, The Murray Grey Beef Cattle Society ('The Society') agrees to maintain a database of the identification numbers and the purchasing breeder. Any feedback obtained by the Society by following the cattle through branded programs like AMG Gold/GreyStar Beef will be collated and passed back to the breeder. The Society will make best endeavours to obtain that feedback but provides no guarantee that such feedback will be provided.

Declaration: I, the undersigned, declare that:

- (i) I am a financial member of the Murray Grey Beef Cattle Society or that my membership application form and payment accompany this tag application
- (ii) The animals that I will apply the GreyStar tags to, will be sired by a Murray Grey Herd Book Registered (HBR) or Murray Grey Performance Register (MGPR) bull/s or Registered Greyman and will be out of straightbred Murray Grey or Greyman females in the case of the GreyStar Murray Grey or Greyman tags (yellow) or from Murray Grey or Greyman infused or non-Murray Grey or non-Greyman females in the case of GreyStar Murray Grey Cross or Greyman Cross tags (blue).
- (iii) Where I have purchased the above sires I will endeavour to have their Murray Grey Society registration transferred into my ownership
- (iv) If some of these tags are held over and later applied to progeny of other Murray Grey Society bulls, I agree to notify the MGBCS of the identity of these bulls
- (v) I agree that a representative of the MGBCS may check my breeding records to verify the information provided in his declaration.
