THANK YOU!

On behalf of the Murray Grey Youth Australia committee, we warmly welcome you to the 2nd Annual Murray Grey Youth Frozen Genetics Sale.

We extend our sincere gratitude to the breeders who have generously donated genetic material in support of the Murray Grey Youth. Your contributions reflect a genuine commitment to the future of our breed and play a vital role in fostering the next generation within the breed.

The proceeds of this year's Frozen Genetics Sale will go towards helping finance the upcoming Murray Grey Youth Program in October. The Murray Grey Youth is greatly appreciated for any support shown towards our future leaders, mentors and Youth Programs.

We are especially grateful to Colin Say & Co for generously collaborating with us to help bring this initiative to life once again. Your support has been instrumental in making this concept a reality. We also extend our thanks to the Top Of The Range team for their collaboration once again, and making it possible for the sale to run in conjunction with their highly respected event.

A extended thank you to all bidders and underbidders for your participation and support throughout the auction.

By donating to the Murray Grey Youth, you're not only helping to promote superior Murray grey genetics - you're investing in the future of the breed itself. Your support does not go unnoticed. With Many Thanks,

Murray Grey Youth Australia Committee

Murray Grey Youth Australia.

NOTES:
DEHAVALYN Ragnar R23 was a standout calf in his year, recording a phenomenal 676kg at 12 months. He was successfully shown before sold at the 2022 TOTR sale at 21 months of age, weighing 930kg with a huge EMA of 138cm2. More than an impressive individual, Ragnar has produced some outstanding progeny that have exhibited exceptional carcass performance, highlighted by a member of the 2025 EKKa Ken MacDonald Shield winning team. We have found his calves to be moderate and grow quickly, he also has a maternal brother in use at Woodbourn.

NOTES:

OAKLEY Immense J212 was purchased from the Hamatts - OAKLEY stud in South Australia as our new sire back in 2015. He has bred really well for our stud, producing outstanding bulls and females.

OAKLEY Immense is a well grown bull with a great outlook. He was a smooth, long, deep bodied bull, a real red meat machine. Above top 5% for milk and scrotal, with postive fats. A son of MONTEREY Blockbuster B75. He produced BEEAMMA Network N57, purchased by Steve Robertson from BENNOOKA PARK stud and BEEAMMA Redline R34 a grandson purchased by Gramham Hobbs from WAROONA stud.

NOTES:

BALLYVAUGHAN Ripper R18 is a eye catching, appealing sire with plenty of smoothness and length. Very good growth figures and well above average for milk, as well as being structurally correct. Moderate framed, a versatile bull with lovely skin type and colour. Was a part of our Adelaide Show team until covid cancelled plans. His dam, OAKLEY Madonna L32 is a terrific wedge-shaped cow with loads of capacity. With age she is proving to be one of the best in the herd. Rippers daughters are quiet, moderate framed females with beautiful udder structure.

NOTES:

LINDSAY Sphinx S10 was retained in 2022 as a first-class option for joining heifers. Sired by the highly successful LINDSAY Empire and out of an elite cow Brandy Q45. We believe Sphinx has a great future with his first calves looking handy and all born totally unassisted. Superb structure, temperament and EBV's to really add value to the LINDSAY herd.
